**Waterline Construction on Ingomar Road Begins, Water Service in Park Impacted**

**PITTSBURGH** – The Allegheny County Department of Public Works today announced it has begun construction of a new waterline along Ingomar Road. Due to the work, the main line will be shut off at 4:00 p.m. today requiring the closure of the North Park Pool at that time. Service will be restored by 7:00 a.m. on August 6 and the pool will reopen at 11:30 a.m., weather permitting.

Long-term work at the Park for the construction of the waterline will result in a two-month shutoff of water to a number of facilities. If a rental of the facility has been confirmed, the renter has been notified. No other rentals will be made while the waterline is being replaced. Affected facilities include:

<b>Name</b>	<b>Location</b>
Gardner (With Sanitary/Toilet)	Ingomar Rd. (North Side)
Shaler	Ingomar Rd. (North Side)
